2. octroi which is confined to cocoanuts dry and green betel leaves, tobacco and piece goods in almost all minor Municipalities is levied on a larger number of articles in the larger chief towns of Mysore, Seringapatam and Hunsur. ~~It is observed that, as a rule the receipts from the tax on the several articles subjected to duty are very small~~

Octroi is an objectionable form of tax & H. Dewan would like to see it abolished in all Municipalities except Tumkur at Nagar, Seringapatam & Nanjangud & perhaps Kolar

~~A misapprehension of needless complication~~ Re Octroi

Copy of the late Dewan Memorandum No 561 of 29th November 1882, regarding the abolition of Octroi in Davangere and in all minor Municipalities in general is herewith forwarded and the Deputy Commr is requested to submit proposals in view to the abolition of the tax in all minor municipal towns in his Dt. retaining it in 2 or 3 important Municipalities only

on a few productive articles.

3. The Estimates of Income for the current year under House and Shop Taxes shew, as compared with those of the past year, large decreases in the marginally noted towns. These have not been explained.

4. The pay of the Municipal Establishment in the District office comprising one Clerk on Rs 25 and another on Rs 15 and a peon on Rs 5 now proposed to be newly entertained has been debited proportionately to all the Municipalities except Mysore town. The Sylomissr is requested to state whether this Establishment examines the accounts of the Mysore Municipality as contemplated in the late Chief Commr's Pro: No. 6866-I/346 of 23rd March 1880, para 4 and

amounts to Rs 25114.

Force provided in the
Budget exceeds that
entered in the Return

by the Dyloonar to the
Police Secretary. Pending,
however explanation
of these discrepancies
the figure 25114 has
been retained.

the cost of collection
of octroi to its revenue as
provided for in the
Budgets of Hunsur,

and Holé Narsipur
are 21.6, 25, 25.6 and
32.9 respectively, while
the charge in Tiramokudlu

Nursepeer exceeds the income from the tax by Rs 10. This is objectionable. In revising the octroi as suggested in para 2 above, the Sylcoonr is requested to reduce the Establishments for collection so that their cost does not exceed 1 percent of the total receipts from the tax as directed in para 3 of the late Chr Coomr's Prs. No. 4053/64 dated 30th October of 31st August 1879. 202

4. The proposed outlay on Public Works in the district and the Sub-division amounts to Rs 24,295, of which Rs 10,081 are for original works, Rs 12,364 for Municipal Repairs and Rs 1850, for Educational the moiety of the cost of the Repairs of School houses at Taluk head quarters. in the Talucks. It is observed that provision for these Educational Repairs has not been made in the Budgets of Hunsoor and Seringapatam

7. Besides the usual charge for Lighting in Mysore & Hunsur, provision has been made under the head in the Budgets of Gundlupet, Hole Narsipur, Arkalgud Seringapatam, Nagamangala and Chennarayapatna. The Dy Commr is requested to state what steps have been taken to make arrangt for the arrangement for Lighting in Hunsur in accce with the Suggestn made Suggested in para 2 of the late Ch: Commrs Pro No 6866-7/346, quoted above. Lighting in other minor towns, with very small Revenues would seem to be a luxury which their funds at present can ill-afford to pay for and the provision made for it is accordingly ? for them is struck out, except in the case of

of Serampatam for which a detailed report regarding the arrangements necessa ~~for Lighting~~ Should be submitted.

10. Classes for English Instruction have been maintained only by the Collector's Peshkars at Hunsur and Gundlupet ~~and~~ The opening of an English Class at Talkad near Somnathpur was sanctioned in 1881. Contributions from Municipal Funds are made towards the Peshkars of the Alleyser Female Hospital and the Dispensaries at Yedatore (Heragapur) Hunsur, Nanjangud (Chamarajapatna) and ~~Chamarajapatna~~

The Budget of Serampatam only provides Rs 300 for an English School and Rs 350 under the head Dispensaries. These provisions are passed subject to the proposals for establishing them being submitted in detail for sanction

provided in the Budget of Yedatore for the dispensary at Hampa which is at some distance from that town. The Commr is requested to state how far the people of Yedatore are or will be benefitted by the dispensary.

11. A provision of Rs 20 appears in the Budget of almost all the towns under a head termed 'General Improvement' The nature of this requires Explanation

12. The Proceedings of the Meeting of the Municipal Committee held at Branch Rocks now submitted are approved.

13. With the foregoing Remarks, the Budgets under review are provisionally sanctioned.

2. RECEIPTS.—*Octroi.*—Octroi, which is confined to cocoanuts, dry and green, betel-leaves, tobacco and piece goods in almost all minor municipalities, is levied on a larger number of articles in the larger towns of Mysore, Seringapatam and Hunsur. Octroi is an objectionable form of tax and the Dewan would like to see it abolished in all municipalities except those at Mysore, Seringapatam, Nanjangud and perhaps Hunsur. Copy of the late Dewan's Memorandum No. 561 of 29th November 1882, regarding the abolition of octroi in Davangere and in all minor municipalities in general, is herewith forwarded and the Deputy Commissioner is requested to submit proposals in view to the abolition of the tax in all minor municipal towns in his District, retaining it for the present in important municipalities only on a few productive articles.

3. *House and Mohatarfa Taxes.*—The estimates of income for the current year under house and shop taxes show, as compared with those of the past year, large decreases in the marginally noted towns. These have not been explained.

4. EXPENDITURE.—*Octroi.*—The pay of the municipal establishment in the District Office comprising one Clerk on Rs. 25 and another on Rs. 15 and a peon on Rs. 5, now proposed to be newly entertained, has been debited proportionately to all the municipalities except Mysore Town. The Deputy Commissioner is requested to state whether this establishment examines the accounts of the Mysore Municipality as contemplated in the late Chief Commissioner's Proceedings No. 6866-7—346 of 23rd March 1880, para 1, and if so whether a rateable part of its cost should not be borne by it.

5. *Police.*—The budget statement No. 1 of the Town of Mysore provides Rs. 24,814 for Police charges, while the cost of the Police given in the statement of details of expenditure amounts to Rs. 25,114. The strength of the Police Force provided in the budget exceeds that entered in the return for June submitted by the Deputy Commissioner to the Police Secretary. Pending, however, explanation of these discrepancies, the figure 25,114 has been retained.

6. *Collection.*—The percentage of the cost of collection of octroi to its revenue as provided for in the budgets of Hunsur, Seringapatam, Channarayapatna and Holé Narsipur are 21·6, 25, 25·6 and 32·9 respectively, while the charge in Tirumakudlu Narsipur exceeds the income from the tax by Rs. 10. This is objectionable. In revising the octroi as suggested in para 2 above, the Deputy Commissioner is requested to reduce the establishments for collection so that their cost does not exceed 10 per cent of the total receipts from the tax as directed in para 3 of the late Chief Commissioner's Proceedings No. 4053-64—202 of 30th October 1879.

7. *Public Works.*—The proposed outlay on public works in the District and the Sub-Division amounts to Rs. 24,295, of which Rs. 10,081 are for original works, Rs 12,364 for municipal repairs and Rs. 1,850, the moiety of the cost of the repairs of school houses at Taluk head-quarters. It is observed that provision for these educational repairs has not been made in the budgets of Hunsur and Seringapatam.

8. The estimates submitted for the marginally noted works in Seringapatam provided for in the budget are sanctioned.

9. *Lighting.*—Besides the usual charge for lighting in Mysore and Hunsur, provision has been made under the head in the budgets of Gundlupet, Holé Narsipur, Arkalgud, Seringapatam, Nagamangala and Channarayapatna. The Deputy Commissioner is requested to state what steps have been taken to arrange for lighting in Hunsur in accordance with the suggestion made in para 2 of the late Chief Commissioner's Proceedings No. 6866-7—346, quoted above. Lighting in other minor towns, with very small revenues, would seem to be a luxury; the provision made for it is accordingly struck out, except in the case of Seringapatam for which a detail report regarding the arrangements necessary should be submitted.

10. *Charitable grants.*—Classes for English instruction have been maintained only by the municipalities at Hunsur and Gundlupet. The opening of an English class at Talkad Narsipur was sanctioned in 1881. Contributions from Municipal Funds are made towards the up-keep of the Mysore Female Hospital and the Dispensaries at Hunsur, Yedatore (Hampapur) Nanjangud and Channarayapatna The budget of Seringapatam newly provides Rs. 300 for an English school and Rs 350 under the head Dispensary. These provisions are passed, subject to the proposals for establishing them being submitted in detail separately for sanction.

11. A provision of Rs. 200 appears in the budgets of almost all the towns under a head termed "General Improvement." The nature of this requires explanation.

12. The proceedings of the meeting of the Municipal Committee held at French Rocks now submitted are approved.

13. With the foregoing remarks, the budgets under review are provisionally sanctioned.

No. 509

(Deputy Commissioner's Office
Mysore District,
Dated Mysore 20 November 1883

To,

The Secretary to the Dewan
of Mysore

Sir,

Referring to the Dewan's Proce
No. 3077-9/125 dated 30th August 1883, sanction
-ing the Municipal Budgets of this District
and the French Rocks Sub-Division for
1883-84 with certain remarks on the Octroi
duty and the cost of the Collection establis
ments in minor Municipalities, I have
the honor to state that, apart from the
Sub-division, about which a report
will be submitted direct by the Officer
in charge thereof, the receipts from the
octroi in all the minor Municipalities
of the District, except Mysore, Nanjangud
and Hunsur, are very small, and I
would therefore suggest the total abolit
of the tax as well as the Collection establis
ments in these Municipalities. The income
from House tax and Mohatarfa alone

to enter the estimated demand as correctly as possible.

6. As regards the Establishment charge of the Head Quarter Office being proportionately distributed amongst all Municipalities alluded to in para 4, the Mysore Municipality does not bear any proportion of the above charge. The accounts of this Municipality, received every month, are examined and audited by the Head Quarter Establishment. The correspondence, which was hitherto carried on by the Vice President direct with the Secretary, has been requested to be carried on in future through this Office. The question of this Municipality bearing its quota of the Head Office charge will also be laid before the Board.

7. Referring to para 5, I beg to submit herewith copy of letter No 75 dated 21st September 1883, from the Vice President explaining the discrepancies noticed in regard to Police charges. The additional strength of 14 men, alluded to was recommended by the Vice President as urgently needed on account

of

of the Railway and other extra duty, and I have, therefore, pending sanction of the Dewan, ordered the entertainment of the extra Policemen temporarily.

8. As regards para 6, I beg to observe that since the collection establishment in minor Municipalities will, as already stated, cease to exist, there will be no such charge in future under this head.

9. Para 7- No provision seems to have been made in the Budget on account of repairs of School houses in the Attingal Municipality. The same will be duly provided for in next year's Budget.

10. With reference to the lighting charge of Rs 96, provided for Attingal I beg to submit that the Amildar of Attingal having reported that Municipal lights have been fixed in the tower, but that the lights Rs 5 per mensem has been empl on other duty. I found it wo ... able to keep the lig

longer, and have accordingly directed the Amildar to dispense with his services at once. No light is, I think, required, but should an occasion for the same arise hereafter, arrangements will then be made for lighting the lamps by payment of a small lump sum remuneration to a local servant.

11. As for the sum of Rs 200, provided for in the Budget under the head "General Improvement" alluded to in para 11, I beg to say that in order to provide for any unforeseen works or improvements in the towns, for which no provision was made nor could be made in the Budget, such as clearing the place of its dead walls, filling up dirty pits and puddles &c., I considered it necessary to have at my disposal a reserve fund in each Municipality.

To,

The Secretary to the Durbar
of Mysore.
Revenue Department.

Sir,

Adverting to the printed Proceedings of the Durbar No. 3077-9/125 of the 30th August last making certain observations in connection with the Budget Estimates of the Municipalities in this Sub Division for 1883-84, I have the honor to submit the following report.

Octroi.
Para 2.

2. With regard to the abolition of Octroi duties referred to in

para 2 of the above proceedings, Octroi may be abolished in the minor Municipalities of Attikappa Nagamangala and Kadur. I would, for the present, retain the tax on the five articles* noted in the margin in the Municipalities of Kandya, Channapatna and Melkoté. The tax at present does not bring in all that it is capable of yielding, but I am in hopes that better results will follow from the closer supervision which has been enjoined on the Amildars.

* Betel leaves.
Dry cocoanuts.
Fresh —do—
Tobacco.
Piece goods

3. The Octroi collected in Melkoté is not much at present, but I feel that there will be perceptible improvement next year. The influx of people during the great festivals subjects the Municipality to heavy expenditure for conservancy and for providing accommodation for

travellers, and the resources of the Municipality within which the of this tax would be inadequate to meet this extra expenditure.

and Grahatuppa taxes. Para 3.

4 With regard to the observation regarding the decrease in the estimates of income from House tax in the Chavakacheri Pathna and Atchuvelly Grami. upakkies and also of shop tax in the former, I beg to state that the estimates for 1882-83 appear to have been erroneously entered in the District Office. The Amildar explains that they send in estimates as below

	House tax.	Shop tax
Chavakacheripathna	198.	195
Atchuvelly	115	

It is possible that had the estimates were calculated by the Karaikal District Office on the outstanding balance of the previous year as also on the demand for 1882 83.

Charges of collection of Octroi Para 6.

5. The entertainment of a peon on a salary of Rs. 4 per

menteem in the Ellamanchilly
Municipality for supervising
the scavengering establishment
and lighting lamps has in-
creased the expenditure under
this head. The services of the
peon are also partially availed
of for collecting Octroi duty.
Properly speaking his pay should
be debited to the Mohaturfa,
instead of Octroi. Necessary
steps will be taken to transfer
this charge from Octroi to Moha-
turfa in the ensuing year's budget.
If the pay of the peon is deducted
the charge of collection would
be only 9 per cent of the Octroi
revenue.

6. Regarding reductions in
the Seemangapatna Municipa-
lity a special meeting was
held at my instance by the
Vice President of Seemangapatna
Municipality on the 9th and 10th
January last with a view to

steps being taken for reduction
expenditure in the Octroi establish
ment. An extract of the proceed
ings together with my remarks
thereon is enclosed for the inform
ation and orders of the Dewan
A tabular statement shewing the
present and proposed establish
ment of the Seringapatna
Municipality is enclosed from
which it will be seen that Rs. 87-
from the Octroi establishment
and Rs. 17 from Head Office and
Mohaturfa establishments
or 25 Rs. in all can be saved per
mensem. The total savings per
year would be 300 Rs. - After
giving my best consideration
to the subject, I have come to
the conclusion that further re
ductions are not possible
without the efficiency of the esta-
blishments being impaired.
I am in hopes that under the
strict supervision which is

exercised over Octroi collections, the great increase likely to result in the receipts would go a great way in reducing the percentage of cost of establishment while further.

7. There is considerable smuggling of dutiable articles into Seerumpadam from the suburbs of Soobrayankoppal. I beg herewith to submit the proposals of the Municipal Committee to bring this Koppal within Municipal limits. The addition of the Koppal will, I am given to understand, increase the Octroi income considerably.

8. I propose to appoint one efficient hand for both the posts of Overseer and Clerk on a monthly salary of Rs. 30/- instead of a separate writer and a separate Overseer on 20 and 25 Rs. respectively as is now the case. The Official

exercising both these functions must be able to supervise such works and must have some knowledge of framing Estimates in addition to being a good accountant. Considering the qualifications essential for the new appointment the salary proposed I would submit, is not too high. If this recommendation is sanctioned, I shall make arrangements to provide the present Overseer and Clerk with suitable appointments. The other proposals I have to make for reducing expenditure are specified in the marginal remarks on the proceedings of the Secunderabad Committee.

Lighting. Karad

9. Six Lamp posts were supplied to the Rajamandry Municipality during 1881-82 and 8 for Chennapatna in the year 1882-83. The usual provisions for lighting were made in the

several years backed Lamp posts
and lanterns have been supplied
a great cost to these Municipa-
lities, especially the Channaraya
patna Municipality which is
situated in a central position
and where carts coming in from
several direction halt during
nights. I beg to propose that
the small amounts provided as Channarayapatna
shewn in the margin for these Ragamangala
Municipalities may be allowed
to stand for the present with a
provision that lanterns and
posts that get out of order or
are damaged should not be
renewed. With regard to
arrangements made for lighting
Seeringapatna and Ganjam,
an extract from the proceedings
of the Municipal Committee
together with my remarks thereon
is submitted. Stone posts have
been improvised from pillars
found in the Sultan's Palace

and they will soon be ready for being put up.

Equitable grants Para 10.

10. Detailed proposals will be made shortly for the establishment of an English School and Dispensary at Seringapatam.

Para 11.

11. The provision of 200 Rs. for each of the five Municipalities of this Sub-Division appears to have been made in the Deputy Commissioners Office at Mysore and I have not been able to ascertain the object of the provision.

I have the honor to be,
Sir

Mudhava Rao
Sub Dul Officer
Tenali Division

This is a very urgent measure. I am convinced that the Municipal revenue suffers much by dutiable Articles being detained in the suburbs and brought surreptitiously into the Town - The Governor's Chavadi may be removed to Subrayapa Koppab with great benefit to the Municipality - The resolution of the Committee together with my recommendation will be submitted for the orders of Government -
